The Board of Public Works, in one of its communications to Council, read at Theeday night's meeting, reported in relation to the petition of the Pittsburgh, Cincinnail & St. Louis Railroad Company saking permission to beautify the piece of made ground just north of its freight depot and opposite the Stamm House, which was referred some time since by Council back to the Board. The Board recovermended that the potition be rejected and that \$100 be appropriated to the use of the Board for the purpose of grading and beautifying the plat and planting it with trees and grass. The Board was of the opinion that it would be injudicious to give the company privilege to do this work, as it might in the future claim the ground for some other use.

The Second Branch appropriated the money seked for, but the First amended by providing that the money shall come out of the Board's coutingent fund. The amended resolution was not reached by the Second.

APPROPRIATION ORDINANCE.

The Talk About Town About it—The View of the Clerk and Receiver. One of the principal topics of conversation about the city yesterday and espe cially at the Public Building and in places where Councilmen were to be found, wa the extraordinary session of Council held the night before and the fight in the Second Branch over the annual

ote, was all that was necessary to put it in effect.

The other side claimed that after con-

curring, which could be done by a simple majority vote, that it was then the duty of the Second Branch to pass the ordinance as amended, and that is in this case the ordinance was one involving an ar-penditure of money, a two-thirds majority vote or a majority vote at two successive meetings was necessary to put it into el lect; and further that as it only receives a majority vote in the Second Branch that it would have to receive another majority

a insporty wore in the second franch that it would have to receive another insjority vote at the next-meeting to put it into effect. The rather general rales governing Council were quoted liberally and every phase of the matter gone ever.

Clerk Bowers says that having been ordered by Council, he supposes that nothing remains for him to do under the ordinance but to do his part toward paying bilts approved by Council—that is, issue his warrants on the Receiver, the rays that he does now want to fight Council. On the other hand Receiver Demany says that as the ordinance stands he will not pay out a cent unless Solicitor Caldwell, gives him a written opinion to the effect that the ordinance is now legally in effect.

it was pleased to term its May Festival. Yesterday was also the 100th anniversary of the German poor Unland, and ineidentally that event was celebrated. The evening's enjoyment opened with a musical programme that was rendered under the direction of the society's musical director, Professor H. M. Schockey.

There were two selections admirably rendered by the Opera House orchestra, two choruses by the Arion singers and a chorus by the society's aimging section, assisted by the ladies' sluging section, assisted by the ladies' sluging section; these choraces were very fine. Prof. Schockey, as usual, won a hearty round of appliance with one of bis violin solos, and Mr. Theo. Roller's cornet solo was well received. Mrs. Otto Jacger and Miss Katte Michael sang in a most charming manner solos from "Troyafore" and were warmly angread Mr. Evap. Dice.

and Miss Katie Michael sang in a most charming manner solos from "Trovatore" and were warmly secored. Mr. Frank Dieg-miller sang the familiar base solo "I Fear no Foe" in good style.

So liberal was the applause and so vigorous the demand for en-cores that it was not until 11 o'clock that the floor was cleared and dancing commenced, the orchestra furnishing superb music for this. At midnight sup-per was served, and the dining room was kept open the rest of the night. There was an unusually large number of young was an unusually large number of young people present. A leature was the dis-play of lowers; nearly every one woro flowers, and their perfume ladened the air with sweetness.

The Revised Schedule. The Revised Schedule.

The revised schedule of the Ohio League has been forwarded to President Clugston, but so far he has not been heard from. Insemuch as Messrs. L. A. Moore, of Zanesville, and W. T. English, two members of the Schedule Committee, have agreed to the schedule as arranged, it is supposed that it goes. According to the new order the championship season will not open until Thrusday, when Stenbarville will be the antagonists of the Green Stockings. The games of the Wheeling club at home and arroad are as follows.

Louisville, April 27,-The contests be

It will be seen by the schedule which is appended that the Wheeling club plays twenty games at home during May. It is doubtful whether so many games in one month will be profitable, but it was the best the committee could do. The only kickers against the revised schedule are better the formative in the League is entitled to the earth will have to grin and bear it.

President Clugston has not yet appointed the umpires and official scorers, but it is thought he will unnounce them but the committee of the week is out. The prespects for a successful season are very bright.

About the River.

The river fell rapidly at this point yesterday. Last evening the marks indicated a depth of only 10 fest 6 inches. During the past three days the boats of the coal fleet have been hurrying to Pitsburgh either light or with small tows of empties, endeavoring to get back in time to get out again on this rise with more coal. The various packets are doing a big business, especially the through packets, which are all loaded heavily and often have to refuse freight. The river is falling at all points above; at Pitsburgh it is 6 feet 7 inches.

of the order at Old Fellows' hall. The entertainment prepared was a very pleasing one and the large number that were present greatly enjoyed it. One of the features of the evening's entertainment was an address on 'Old Fellowship,' delivared by Rev. M. F. Dryden that was attentively listened to.

En Manion and "Buck" Kelly, two Eighth ward lade were arrested Taesday night by Officer Devlin for stealing coal from Kasley's bank and lodged in the Eighth ward station. Yesterday morning they were arriagned before Justice McCready, the charge against them being treapassing, and fined \$5 and costs each. There are others who have been making it a practice to get coal from the Eighth ward stake and more arrests are not improbable.

Health Officer Reed has not yet been able to communicate with Mr. M. V. Smith, of Pittsburgh, the builder of the garbage crematory and the contractor for the fron shed that is being erected over it, with reference to the defect in the shed. Baird has been almost overpowered, being the east wall of which passes through the

justed before the building is complete. Mr. Smith is in the East at present, which accounts for Dr. Reed not being able to reach kim.

In the meantime the work of completing the shed is progressing and it will be finished as far as possible within a few days. Before the furnaces can be put into use bridges will have to be built so that carts can be backed up and their contents duraped directly into the hoppers, and these have not vet been ordered.

that can be backed up and their con-tents damped directly into the hoppers, and these have not yet been ordered. Monday the law goes into effect forbidding the dumping of offal into the river; what will then be done with the city's refuse is a vexed question. The crematory cannot be used for some time to come. The Health Officer has been instructed by the Health Committee to hereafter is sue no license to haul night soil to anyone who does not use tank carts or screw head barrels, and the Keeper of the Gremator

has been instructed to give the preferendumping into the furnaces, to those who use the tank carts. ABOUT PEOPLE.

A Wenry Aggregation, Sr. Louis, April 27.—The Cleveland cub made their first appearance agains the Browns to-day, and were hadly besten in a drill and uninteresting game. They played like a weary aggregation, and their work was of a very liatens character. The Browns every way outplayed them, and Garathers had them completely at his mercy. Sweeney and Herr played executably. Peckiney was pounded at will. Caruthers' superb pitching and heavy hitting including a home run, Boyle's excellent catching and the run, Boyle's excellent catching and the double play of Sylvester and Comissey, and a running catch by Allen were the best features of the game.
